## Installation Information

Radio Interface for 25-Pin and 9-pin Accessory Port Connectors on the RF Deck

VHF, UHF P25 Compliant Accessory connector is DB25 pin out per Kenwood spec. KMC-27(x) hand mic is controlled via radio program setup.

9-pin Access. Connector:

- **SPKR+** = pin 6 Orange wire (jumper also to pin 3 for internal speaker enable)
- **SPKR-** = pin 2 Black wire

If internal speaker is not used, cut Orange jumper from pin 6 to pin 3 and insulate with heat-shrink tubing

Pin 24 (AUX I/O 1) is programmed as external PTT input.
