

Installation Information

Radio Interface for OPC-871 Headset Adapter Cable

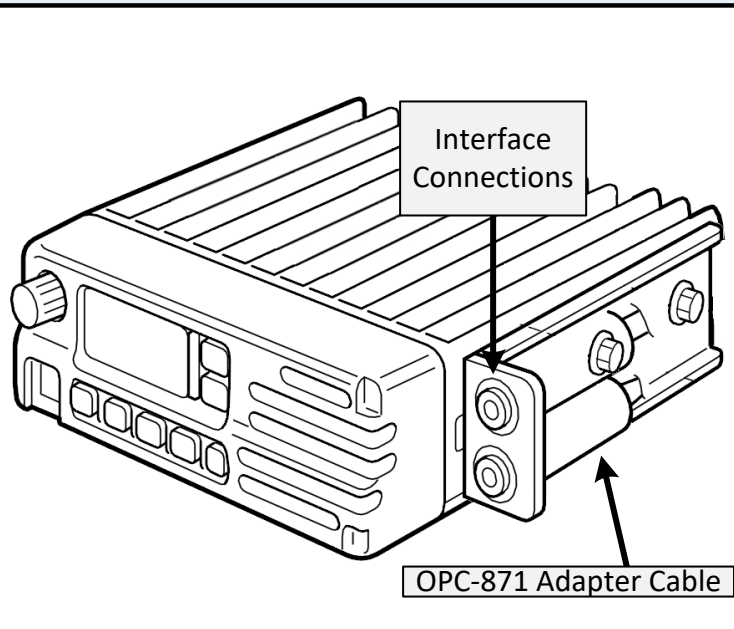

Requires Icom Optional OPC-871 Headset Adapter Cable - See Pages 17-18 of A-110 Instruction Manual or Consult Setcom For More Information

Note: This interface is not intended for use with the radio's internal speaker. If a cabin speaker is required, an external speaker should be used (either ICOM part number SP-30 or SP-35).

RCB-xxY3 Cable

A-110 Radio with OPC-871 Adapter Cable
